Greetings CSLB community,

It is September already; can you believe it?

This is a time where we are getting back into a routine. Summer's over for most of us. We have taken our vacation and if you have kids, they are back to school.

I asked if there was interest in a mid-week service to see if that was something we wanted to start up. There was little interest.

I mentioned we will do things together where there is interest. That said, I am now planning a Spiritual Principles and Practices class on September 24th for 5 weeks from 9 to noon. There is more information on page 3 of this newsletter and there will be a sign-up sheet in the sanctuary. This is a terrific way to further our Spiritual growth.

Our community does not have a vision and mission statement currently, which is important to me. It tells more of what we are about as a community so others interested know what we stand for. I am working with the board now to have a few statements recommended to the community to vote on.

These are things that are important to me and I hope, important to you as a community. I welcome any ideas you have.

We, as a community, are doing this together as a "We".

Respectfully,

Rev. Davine

Yours in Service

August 2022 Message

From the Board President

All is well at CSLB. We have a Senior Minister and Spiritual Leader, Rev. Davine Young, a working Board of Trustees, District Leaders who keep in touch with our members, a Ministry of Prayer that prays for all of our needs, and various teams that you can get involved with according to your skills and interests.

This is your spiritual family at work. You are never alone. God is always present in each one of us. One of my favorite affirmations is “God always watches over me”. All one has to do is ask for support when needed, because God watches over you, too.

Right here and right now, I am in need of a spiritual class to give me an adrenaline boost. It has been a while since classes have been offered here at CSLB. Now the new term is Consciousness Studies. Rev. Davine is ready to get us going. For those who have not taken any courses, workshops or book studies, or if it has been years since you have taken a class, things change, and presentation skills change. It is refreshing to see how a new twist in presenting old information can really be insightful in what and how we understand our philosophy, the Science of Mind. So, gear up and get ready to enhance your spiritual life by enrolling in any type of Consciousness Studies. I guarantee you will be amazed and benefit 100% by giving yourself this gift. See page 3 of this newsletter for the first of these classes.

With gratitude and love,
Evonne Fowler,
Board President

Highlighting our CSLB Members

By Betty Ann James

Introducing Ms. Ferne Westrick

Ferne was born on February 15, 1936, in Flatford, Ontario, Canada. She met and married a Naval man from Canada, and they had one son.

They moved to California and moved around frequently living in the California cities of Pasadena and then San Fernando Valley. After 10 years, they were divorced. Ferne found Science of Mind which helped her during this time. She accepted this teaching and moved on with her life.

Ferne has experienced several occupations: LVN, court reporting, and then becoming a dental assistant. This is where she met Bill Westrick. He taught at several Universities and sold dental supplies. She said he was “very charismatic” and the rest is history. They were married for thirty years. Bill did not want her to work so she did not.

They traveled and she assisted him with his work. Because of her dental training, she became interested in jewelry making and art and Bill supported her vision. They continued to travel, enjoying people and places after his retirement.

Ferne continued with her artistic skills, creating beautiful objects. You can observe her creative expression in the painting in the entry of the Center. Thank you Ferne, for sharing your talent with us.

She told me she is blessed to be able to choose what to be involved in. She is enjoying life with gratitude.

Rummage Sale 2022 Report

Our Rummage Sale on July 28, 29 and 30 was a HUGE success.

Not only did we earn more money than ever before, \$1,814.61 to be exact, but we found several valuable donated items that Diane Esterson will be selling online to make even more money for our Center. In addition, we were able to donate our “leftovers” to H.E.L.P. (one truckload) and Desert Industries (one truckload and five carloads) to further benefit our community.

Practically all of our members and friends helped with the Rummage Sale in some way: planning and figuring out logistics, promoting, setting up, donating, sorting, pricing, selling, shopping, cashiering, cleaning up, and/or feeding the workers.

Please know that all of your efforts are greatly appreciated! Special thanks go to the twenty-one people who worked at the Rummage Sale for two or more days: Alice Dominguez, Anita Davis, Betty Ann James, Bill McNeese-Smith, Bob Piddington, Ciradah O’Campo-Taylor, Diane Esterson, Donna McNeese-Smith, Donna Varela, Emmy Bell Piddington, Evonne Fowler, Ferne Westrick, Jack Burnham, Judy Garthwaite, Julia Harris, Kay Ross, Maureen Keeney, Rev. Davine Young, Rosanna de Leon, Sandi Schilling-Fetterman and Shannon Collins.

Event Team Progress Report on Summer Concerts

Twelve members and friends represented the Beaumont at the August 18th Elvis Presley concert at Replier Park in Banning. Brianne Crocker, Carrie Masters, Rev. Davine Young, Debbie O'Shane, Emmy Bell Piddington, and Evonne Fowler helped to sell 50/50 tickets and collect donations. Jack Burnham handed out programs, Bob Piddington, Derwood Crocker, and Sherry Micelli were in the audience. We were invited to participate by two of our members, Lynette Espinosa and Stan Torres. Lynette works for the City of Banning and has been coordinating the "Evenings In The Park" Summer Concert Series for many years.

We were there for community outreach, with some of us wearing our CSLB t-shirts, and all of us smiling and greeting the concert goers. Rev. Davine was called up on to the stage to introduce herself and our Center along with a representative from the Lutheran Church in Banning. Our two community organizations were the ushers for the evening. CSLB had six money collectors and the Lutheran Church had four. Lynette said it was the "biggest 50/50 drawing so far, over \$1,800" and she wrote to thank us for "bringing in such a great team" and "doing a super, fantastic job." So what is next for us to do? Stay tuned.

Corliss' Corner September 2022

THE JOY OF CREATIVITY

Have you ever thought how important it is to be creative every single day of your life; and/or how important it is to your overall happiness? Being reflective by nature, plus always loving to be creative from my earliest memories, I know I certainly have.

Call it leaning into my gratefully waning perfectionism that's still present at times, I find that every moment of every day is an opportunity to notice this urge and pay close attention to it. It's a waving flag of pure joy saying loudly and yet whispering silently, "Choose in, Cor! Choose in! This is fun!"

Ernest Holmes said:

Choosing to use my innate power of mind in a multitude of creative ways has never failed me, not in the process nor in the positive result. Part of the joy of creativity is that I don't have to wait for the result. Joy lives in the process, too.

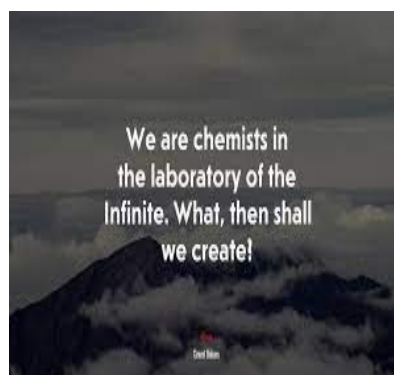

To be the best I can be at any moment in time is part of the urge that encourages expressing. This not only helps elevate happiness in my life, but it is of service to all in my sphere of influence near and far. I have lifelong evidence. A lot of evidence. Here is an example:

CORLISS

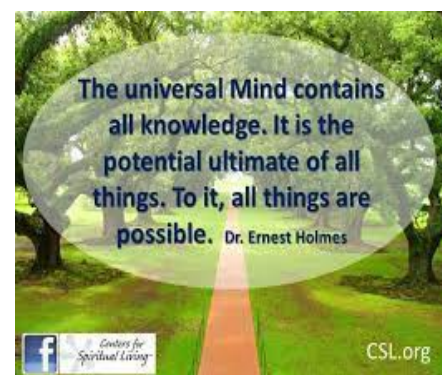

C = core values based

O = Orderly

R = Rich Thinker

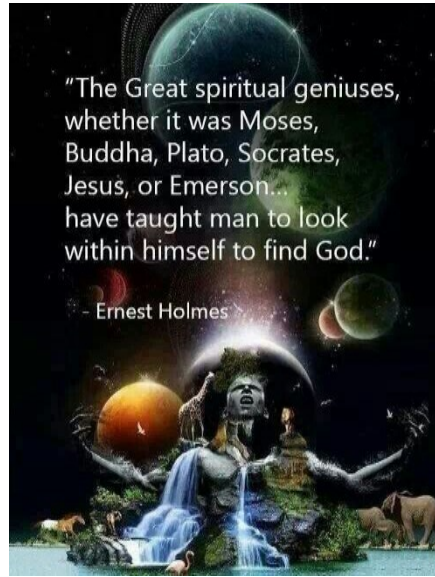

Corliss' Corner September 2022, con't

L = Loving nature

I = innately intuitive

S = Spiritually based

S = Service Oriented

This activity was fun to think about, fun to execute, and fun to see the results. I know it will be fun to send this out this month as an example of creativity and be an example of the beautiful multiple ways creativity is of service to all. How could it not? Joy is always present in the gift of creativity.

What is your joy in creativity today?

Let me know how it goes.

Love, Corliss, RScP
